PROFESSIONAL SUMMARY

Motivated Computer Science and Engineering student with interests spanning software development, machine learning, image processing, and intelligent systems. Experienced in building academic and personal projects across web, mobile, and database-driven platforms. Recognized through leadership, teamwork, and achievement-based awards, with a strong focus on creating practical, user-friendly, and impactful technology solutions.

PROJECTS

Hemocam App

Android application designed to detect hemoglobin levels through image processing and machine learning, combining healthcare utility with a user-friendly mobile experience.

Online Grocery Shop

iOS application built with Swift and API-based information extraction to deliver an efficient and user-friendly grocery shopping experience.

PocketGuard Personal Finance

Personal finance application for tracking spending, setting financial goals, and managing budgets, with

EDUCATION

BSc in Computer Science & Engineering

2020 – Present

Khulna University of Engineering & Technology (KUET)

CGPA: 3.48 / 4.00

Higher Secondary Certificate (Science)

2018

Dhaka College, Dhaka Board

GPA: 5.00 / 5.00

TECHNICAL SKILLS

Languages: C, C++, Java, Swift, JavaScript, SQL, C#, Python

Frameworks: Laravel, Django

Databases: MySQL, Firebase, Oracle

Development: Java Software Development, iOS App

features such as parental controls, secure login, and transaction history.

Stock Exchange Database System

Database-driven academic project built using Oracle SQL Plus 21c.

BookLover

Web application developed with Laravel to help readers discover, manage, review, and share books in a unified platform.

Tiny Messenger

Object-oriented programming project in C++ featuring sign up, sign in, chat, add friends, inbox management, unfriend functionality, group chat, and friend list management.

Development, Android App Development, API Integration

Tools & Strengths: Git, Teamwork, Leadership, Punctuality

RESEARCH INTERESTS

- Edge AI
- Machine Learning
- Deep Learning
- Biomedical Applications

AWARDS & ACHIEVEMENTS

Duke of Edinburgh's International Award

Recognized for skill development, physical fitness, community service, and adventurous activities (2024).

Intra KUET Football Tournament

Champion; played as Forward and served as Captain (2023).
